SUMMARY

Software Engineering student with strong foundations in **Data Structures, Algorithms, and scalable backend development**. Experienced in building end-to-end applications using **Node.js, TypeScript, React**. Passionate about **backend integration with real-time systems**, and developing technology that impacts millions.

Education

JECRC University

Jul 2023 – Present

B.Tech in Computer Science and Engineering; CGPA: 8.98/10.0

Jaipur, Rajasthan

Technical Skills

Languages: C++, Python, JavaScript

Core CS: Data Structures & Algorithms, OOP, DBMS, Computer Networks

Databases: MySQL, SQLite

Cloud & Tools: Git, GitHub, VS Code, ServiceNow

Experience

RVCERT

Feb 2026 – Apr 2026

Project Intern (Remote)

- Built an AI-powered surveillance system using YOLOv8 for real-time weapon, fire, and smoke detection via webcam feeds.
- Developed Flask REST API with SQLite for managing cameras, alerts, incidents, and user authentication with OTP-based signup.
- Designed React dashboard with live MJPEG video streaming, analytics (Recharts), and state management (Zustand).

JECRC University

Jan 2026 – Feb 2026

ServiceNow Trainee (Remote)

- Actively learning ServiceNow platform fundamentals and application development through hands-on labs and structured training.
- Developing proficiency in ServiceNow scripting languages including JavaScript, Glide API, and workflow automation to build custom applications and integrate enterprise solutions.
- Practicing enterprise ITSM workflows: Incident, Change, and Request Management, including Service Catalog item configurations.

Projects

SALVEXA – AI Healthcare Assistant | *Next.js, Node.js, MySQL, OCR* 🔗

Apr 2026 – Jun 2026

- Developed a full-stack healthcare platform that recommends medicines based on symptoms and medical history.
- Integrated OCR-based prescription scanning with allergy detection and drug-interaction validation to improve recommendation reliability.
- Designed REST APIs and optimized backend database operations for secure communication between the frontend and backend.

Extracurricular Activities

Google Developer Student Club (GDSC) - Web Developer Volunteer

Swaraag Music Club - Core Team Member and Vocalist

Certifications

ServiceNow Certified Application Developer (CAD)

Jun 2026

McKinsey Forward Program

Jun 2026

ServiceNow Certified System Administrator (CSA)

May 2026

Cisco Networking Academy – Networking Fundamentals

Feb 2026
